United States Department of Agriculture,

WASHINGTON, D. C., October 31, 1913.

MONTHLY LIST OF PUBLICATIONS.

[OCTOBER, 1913.]

NOTE.—Copies of any of the publications listed herein, except the *Journal of Agricultural Research* and separates therefrom and publications of the Weather Bureau, may be obtained free upon application to the Editor and Chief of the Division of Publications, United States Department of Agriculture, Washington, D. C., as long as the department's supply lasts. The edition of many of the publications is necessarily limited, and when same is exhausted applicants are respectfully referred to the superintendent of documents, Government Printing Office, Washington, D. C., who, under the provisions of the joint resolution of March 28, 1904, is empowered to have reprints made and sell them at the prices herein given. Do not apply to the superintendent of documents for publications without sending the price of same, as he does not distribute them except by sale. The price of any document, unless otherwise noted, is 5 cents.

The Department of Agriculture does not distribute or control the distribution of the publications of other departments of the Government, the State boards of agriculture, or of the State agricultural experiment stations.

Under the new plan of publication work of the department adopted July 1, 1913, the independent series of bulletins and circulars heretofore issued by the various bureaus, divisions, and offices have been discontinued. The scientific and technical matter heretofore published in them will hereafter appear in the *JOURNAL OF AGRICULTURAL RESEARCH*, while the popular and semitechnical matter will be printed in a new departmental series of bulletins, beginning with No. 1, each of which will be devoted to the treatment of one subject.

The *JOURNAL OF AGRICULTURAL RESEARCH* will be distributed free to the libraries of agricultural colleges and experiment stations, to large universities, technical schools, and such institutions as make suitable exchanges with the department. Miscellaneous applicants may procure it by purchase from the superintendent of documents, Government Printing Office, at a price fixed by him.
